NOTE:-

Please see the L.A. Question on p.1 c.f. The particulars required for answering the question are not available in this Department. A report may be called for from the C.E.(I). A draft memo to C.E.(I) and a draft U.O.Note to Legislature Secretariat are submitted for approval.

Regarding clause (a) of the question no definite information is available in this Dept. Works might have been slowed down with reference to the instructions issued in Govt. ~~Memo~~ Finance Dept Memo No.97017-Bg-1 dated 31-12-51.

9/7/52
10.7.52

As regards electricity schemes, it may be mentioned that the Govt. have sanctioned a scheme for the distribution of Jog hydro electric power in the South Kanara district at an estimated cost of Rs 70.3 lakhs initially rising to Rs 88.0 lakhs in 10 years. The C.E.(E) has been asked to go very slow for the present with the work on the extension scheme pending conclusion of the agreement with Mysore. The same M.L.A. has given notice of another question enquiring about the date when the Jog supply ~~is~~ to S. Kanara may be expected and action in this regard is being taken separately.

Chief Engineer for Irrigation,
Chepauk, Madras.5.

To
The Secretary to Government,
Public Works Department,
MADRAS.

Letter No 4424/52-M-3 Dated the 15th July 1952.

Sir,

Sub: Irrigation - South Kanara District - Slowing down of irrigation Schemes.

Ref: Government Memo No 55110 J/52-1 dated 11/7/52.

In order to give effect to the cut imposed on the expenditure on Capital Works during the year 1951-52, the Superintending Engineers of circles were instructed to effect a cut of about 30% in the provision asked for by them in the Alterations to the Revised Estimate for 51-52. They have however been asked to use their discretion and make allotments to each individual work in such a way that the Circle-war provision does not on the whole exceed the limit mentioned above. It was pointed out that it would be desirable that works which were still in the initial stage of progress are stopped altogether instead of slowing down all works. Works which were nearing completion should be allowed to be completed as quickly as possible and the requirements of such works should not be cut down. The fact that these works should be finished in any case by the target date should not, however, be lost sight of was impressed on the officers.

2. So far as South Kanara District is concerned, the following works are reported to have been slowed down during 1951-52.

1. Constructing an anicut across Shiriyar River.
2. Constructing a dam across Pavanje thodu.
3. Forming a tank in Govindoor in Karkal Taluk.
4. Constructing anicut across Udothorahall stream in kollegal taluk.)
5. Improvements to Herekere Tank.

3. With reference to the latest decision of the Government at the meeting of the Cabinet Committee for Food Production on 2nd and 3rd June 1952 that no new schemes will be taken up during the year. The following sanctioned works are proposed to be postponed.

(1) Construction of a salt water exclusion Dam in Maravanthi village in Goondapur Taluk.
(2) Restoration of Sorkal Tank in udipi taluk.
(3) Improvements to the Merur Tank in udipi taluk.

Le ter Le 4294 2-1-3 Patel ng ath Tr's ; ea.

.ir,

Sub: Irri ation - Capital Expen iture - Claim for of ir ation Projects.

Ref: Govern ent Memo No. C/IID 14/9-1 dated 11/7/62.

In order to give effect to the cut ng ade on the expen- ure on Capital Works during the year 1-62, the Execu- ive Engineers circles were directed to effect a cut f Rs. 30 lakhs in the provision made for them in the Alloca- tions to the Revised Estimate for 61-62. They were however ecently called to meet a situation and create a net saving ver ndividual work in excess of Rs. 5 lakhs that the Circle-wise allot- ent not on the work is exceed the limit mentioned above. It was ound out that it would be possible to complete only very few ir- igation projects in the initial stage of progress to the extent of the ear ing down all the allotments. Under these circumstances it was ecided to confine the completion programme of such works which could be completed or partially ex- ected and the requirements of such works which could not be carried ut during the year. The first list of these works should be sent to the Secretariat late . avid not, however, be later than 15th of the month on the officers.

2. So far as Tank Irrigation is concerned, the following ems are reported to have been given the sanction 1961-62.

1. Constructing or enlarging Silting Tanks.
2. Constructing a dam across Perumbo theds.
3. Forming a tank in Govind or in Karkal Taluk.
4. Constructing anicut across Sheti channel in Kallegal Taluk.
5. Improvements to Hanalakere Tank.

3. With reference to the letter cited, decision of the Government at the meeting of the Chief Engineers held on 2nd and 3rd June 1962 that no new projects should be taken up during the year. The following projects may be considered to be sanctioned.

(1) Construction of a salt water escape in Kundapur Taluk in connection with Kundapur Tank.
(2) Construction of Sorlal Tank in Udupi Taluk.
(3) Improvements to Kollur Tank in Udupi Taluk.

Yours faithfully,

for Chief Engineer for Irrigation.

Memo. No. 55110 J/52 - 3 dt 26.852

Sub: Irrigation - S. Kanara - Schemes under execution

Ref: From the C.E.(I), Ref. No. 4424/52-N-3 dt/15.7.52

Attention of the C.E (I.) is invited to para 2 of his letter cited, wherein the schemes slowed down in S. Kanara are mentioned. It is observed that of the four schemes slowed down provision has been included for two schemes, viz. formation of a tank in Kowndoor in Karkal taluk, and improvements to Havakere tank, in the B.E. for 1952-'53. Proposal to incur expenditure in the current year on Pavanje Thodu scheme has also been approved in Memo. No. 46113-N/52-2 dt/19.7.52 But no arrangement appears to have been made in the current year for any expenditure on the Shiriyar anicut scheme. The C.E (I) is requested to report whether this scheme has already been completed and if not,

P. T. O.

why no provision is made for expenditure on it in the current year. It is also requested to state whether the execution of all the above schemes will not be speeded up this year.

A very early reply is requested.

Fort House, Mount Rd
~~Fort St. George~~, dated the 2-7-1952

ASSISTANT SECRETARY TO GOVERNMENT
7-JUL 1952
PUBLIC WORKS DEPARTMENT

QUESTION No. 633 for the meeting of the Legislative Assembly ~~to be held on the~~ commencing from 2-7-1952.

Two copies of this question are forwarded to the Public Works Department.

The question has been admitted.

To

The Public Works Department.

G.O Note no-9641/52-56M.C
5-7-'52
To
the Public Works Dept.

P.W.D.(J.1.).

To A.S.

Please see the Legislative Assembly Question on p.1 c.f. An advance copy of it has been circulated to M (P.W.). As the question is starred, supplementary questions are likely to be asked.

2. The member wants to know (a) whether the Government have instructed the authorities in South Kanara to go slow with any of the schemes of irrigation (b) if so which are the schemes that are going to be affected by this order and (c) whether the Government propose to give up any of the schemes

that have been sanctioned in the district

(i) of Electricity Department and (ii) Irrigation Dept.

3. The C.E.(I) has reported that in order to give effect to the cut imposed on the expenditure on capital Works during the year 1951-52, the S.Es. of circles were instructed to effect a cut of about 30% in the provision asked for by them in the Alterations to the R.E. for 1951-52, that they have, however, been asked to use their discretion and make allotments to each individual work in such a way that the circle war provision does not on the whole exceed the limit mentioned above and that it was also pointed out that it would be desirable that works which were still in the initial stages of Progress are stopped altogether instead of slowing down all works, ~~and~~ that works which were nearing completion should be allowed to be completed as quickly as possible and that the requirements of such works should not be cut down. He has stated that the fact that these works should be finished in any case by the target date should not, however, be lost sight of, was also impressed on the officers.

So far as S.Kanara is concerned the following works are reported to have been slowed down during 1951-52.

(i) constructing an anicut across Shiriyar river

(ii) constructing a dam across Pavanjethodu.

(iii) Forming a tank in Govindoor in Karkal taluk.

~~(iv) constructing anicut across udetherahalla stream in Kollegal taluk.~~

(iv) Improvements to Kerekere tank.

The C.E. has also reported that with reference to the latest decision of the Government at the meeting of the Cabinet committee for Food Production on 2nd

and 3rd June 1952 that no new schemes will be taken up during the year, the following sanctioned works are proposed to be postponed.

(i) construction of a salt water exclusion dam in Marvanthi village in Coondapur taluk.

(ii) Restoration of Sorkal tank in Udipi taluk

(iii) Improvements to the ~~Metdur~~ Mervur tank in Udipi taluk.

It may however be stated that a provision of Rs. 21,500/- has been made for the formation of a tank in ~~xxxxx~~ Govindoor in Karkal Taluk and of Rs. 2,500/- for the improvements to the Harekere tank, in the B.E. for 1952-53. It may ~~xx~~ also be mentioned that adequate provisions have been made in the current budget for taking up all the works that are already under execution. All works that have been postponed will be taken up when the financial position of the Govt. improves.

As regards Electricity Schemes, it may be mentioned that the Government have sanctioned a scheme for the distribution of Jog Hydro Electric Power in the South Kanara Dt. at an estimated cost of Rs. 70.3 lakhs initially rising to Rs. 88.0 lakhs in 10 years. The C.E.(E) has been asked to go very slow for the present with the work on the extension scheme pending conclusion of the agreement with Mysore. It may also be mentioned in this connection that the same M.L.A. has given notice of another question enquiring about the date when the Jog supply to the South Kanara may be expected and action in this regard is being taken separately.

A draft answer and a draft note for

*Q. No. 633.

Draft Answer.

Will the Hon. the Minister for Public Works be pleased to state:

(a) whether the Government have instructed the authorities in South Kanara to go slow with any of the schemes of irrigation:

(a) Yes.

(b) if so, ~~the~~ which are the schemes that are going to be affected by this order; and

(b) The following schemes have been reported to have been slowed down during 1951-52.

(i) constructing an anicut across Shiriyar river.

(ii) constructing a dam across Pavanji Thodu

(iii) Forming a tank in Govindoor in Karkal taluk.

(iv) Improvements to Herekere tank

But adequate provisions have been made in the current year's Budget for speeding up all the works that are already under execution and hence ~~these will be taken up again this year.~~ we propose to speed up these.

(c) whether the Government propose to give up any of the schemes that have been sanctioned in South Kanara,

(i) of Electricity Department,

(ii) Irrigation Department?

(c) (i) Electricity:- The scheme for the distribution of the Jog Hydro Electric Power. The C.E.(I) has been asked to go very slow with the work on the extension scheme pending conclusion of agreement with Mysore.

P. T.

(ii) Irrigation:- The following sanctioned works are proposed to be postponed.

(i) construction of a salt water exclusion dam in Maravanthi village in Goondapur taluk.

(ii) Restoration of Sorkal tank in Udipi taluk.

(iii) Improvements to the Merur tank in Udipi taluk.

P.T.O

P.W.D.(J.1.).

Legislative Assembly Question(Starred)No.633.

Note for answering supplementaries.

The C.E.(I) has reported that in order to give effect to the cut imposed on the expenditure on capital works during the year 1951-52, the S.Es. of circles were instructed to effect a cut of about 30% in the provision asked for by them in the Alterations to the R.E. for 1951-52, that they have, however, been asked to use their discretion and make allotments to each individual work in such a way that the circle war provision does not on the whole exceed the limit mentioned above and that it was also pointed out that it would be desirable that works which were still in the initial stages of Progress are stopped altogether instead of slowing down all works, and that works which were nearing completion should be allowed to be completed as quickly as possible and that the requirements of such works should not be cut down. He has stated that the fact that these works should be finished in any case by the target date should not, however, be lost sight of, was also impressed on the officers.

So far as S.Kanara is concerned the following works are reported to have been slowed down during 1951-52.

(i) constructing an anicut across Shiriyar river

(ii) constructing a dam across Pavanjithodu.

(iii) Forming a tank in Govindoor in Karkal taluk.

~~(iv) constructing anicut across udothorahalla stream in Kollegal taluk.~~

(v) Improvements to Herekere tank.

The C.E. has also reported that with reference to the latest decision of the Government at the meeting of the Cabinet committee for Food Production on 2nd

and 3rd June 1952 that no new schemes will be taken up during the year, the following sanctioned works are proposed to be postponed.

(i) construction of a salt water exclusion dam in Karvanthi village in Coondapur taluk.

(ii) Restoration of Sorkal tank in Udipi taluk

(iii) Improvements to the ~~Hettur~~ Merur tank in Udipi taluk.

It may however be stated that a provision of Rs. 21,500/- has been made for the formation of a tank in ~~Gumm~~ Govindoor in Karkal Taluk and of Rs. 2,500/- for the improvements to the Harekere tank, in the B.E. for 1952-53. It may ~~be~~ also be mentioned that adequate provisions have been made in the current budget for taking up all the works that are already under execution. All works that have been postponed will be taken up when the financial position of the Govt. improves.

As regards Electricity Schemes, it may be mentioned that the Government have sanctioned a scheme for the distribution of Jog Hydro Electric Power in the South Kanara Dt. at an estimated cost of Rs. 70.3 lakhs initially rising to Rs. 88.0 lakhs in 10 years. The C.E.(E) has been asked to go very slow for the present with the work on the extension scheme pending conclusion of the agreement with Mysore. It may also be mentioned in this connection that the same M.L.A. has given notice of another question enquiring about the date when the Jog supply to the South Kanara may be expected and action in this regard is being taken separately.
